Unveiling the Progress

Greetings from the heart of our journey to empower and uplift migrants through financial literacy! We are excited to share with you the highlights and achievements from our second transnational project meeting, held in the vibrant city of Valencia, Spain.

The INFINITY project continues to pave the way for a brighter future for migrants by focusing on enhancing their financial literacy skills. Our holistic approach encompasses not only financial management but also promotes entrepreneurship, soft skills, and sustainability.

During our recent gathering, the dedicated team of experts engaged in fruitful discussions, addressing various facets of the project. We delved deep into the intricacies of Work Package 2 (WP2), which is nearing completion, and also gave considerable attention to Work Package 3 (WP3): the innovative training curricula and material for migrants and Work Package 4 (WP4): the e-learning platform and digital board game.
