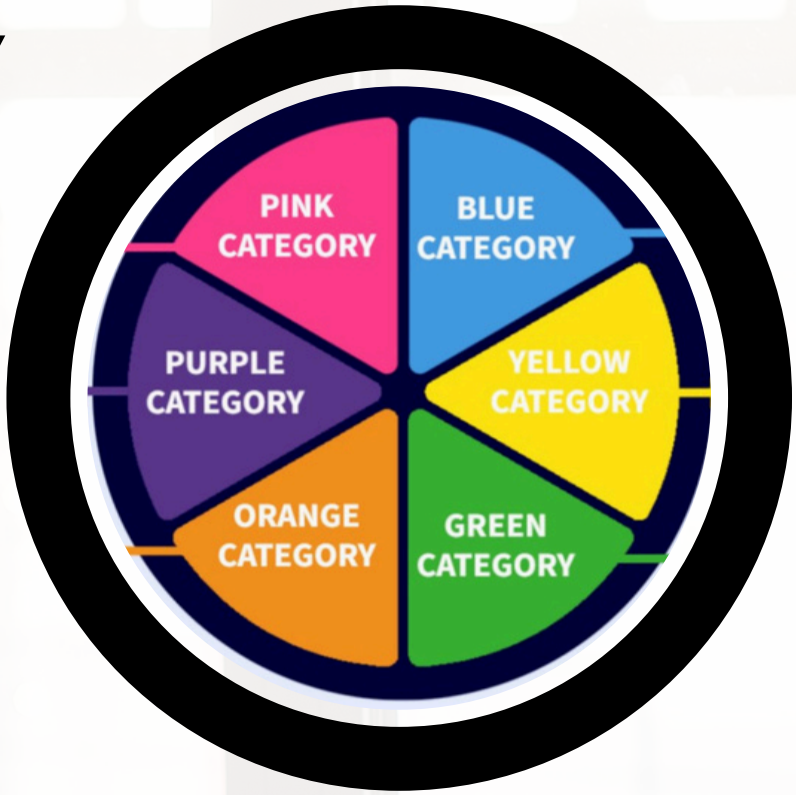
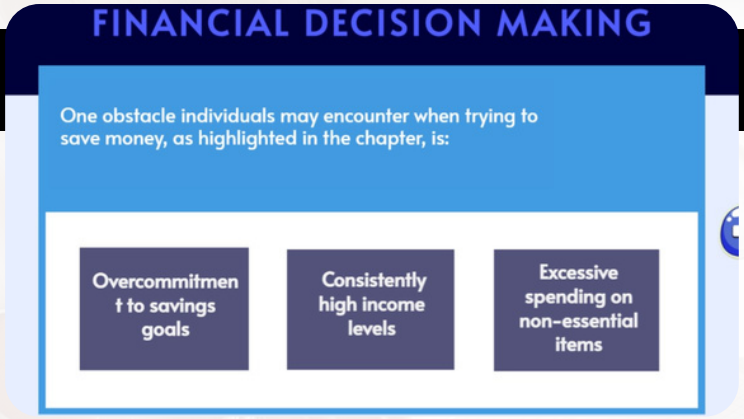
the European Union

Are you ready to play a game? The INFINITY Digital Board Game

The INFINITY Digital Board Game is a typical turn-based board game with the format of a typical ”trivial pursuit” where players roll dice, answer questions and are able to choose a topic. The game consists of 6 categories related to financial and entrepreneurial topics and soft skills development. The content of the game will allow players to have approximately a 30-minute game with other 6 players at once.





Question format

In each category, there are several questions to be answered. Every question has 3 possible answers where only 1 is correct. By choosing correctly you move on to the next question.

Categories

There are 6 categories in total:

1.Financial Decision Making
2. Self-Employment and Entrepreneurship
3.Banking, taxes and community resources
4.Financial Planning and Goals
5.Employment and Soft Skills
6.Basic Financial Literacy

Unlocking Potential Through Educational Games

These interactive tools not only engage learners but also create an attractive and immersive experience that enhances the learning process. This game is designed to meet the unique needs of learners, ensuring that the content is relevant and structured to help them acquire essential skills.

With the INFINITY Digital Board Game, migrants will have the opportunity to develop their financial, entrepreneurial, and soft skills in a user-friendly and enjoyable environment. Stay tuned for more updates on this exciting project that aims to empower learners and open new pathways for success!

Where can you find the game?

The game is free and accessible from the project's e-learning platform.
Platform: https://infinity-elearning.innovationbee.gr/el/

The game instructions are also available in the platform.
